

## Cemetery Commissioners Meeting Minutes February 5, 2021

Present; Marion Loring, Mary Kinmond Korte, and Curt Wilton (staff liaison) and Jamie Boyer

Marion opened the meeting @ 9:05 AM.

Marion made a motion to approve minutes from the January 8, 202 meeting, Mary seconded, all in favor.

Curt thanked the Commissioners for getting things accomplished this past year. He mentioned the budget is level funded for FY22 per the request of the Select Board.

Perpetual Care funds: Curt discussed this issue with Elaine, Town Accountant. This account is to assist in the cost of taking care of the burial plots and the Commissioners are permitted to use the interest accumulated in this account. The total interest to date is \$8,217.80. In order to use this money, the Commission would need to state what they are earmarking it for. If the amount used is over \$10,000 then it has to be approved at Town Meeting but less than that is does not need approval. At this time, Curt encouraged the Commissioners to leave the money there in case of an emergency and to let the interest grow some more in the meantime.

The Commissioners and Curt discussed thinking about updating their documents and working on getting digitized in the future.
