PLANNING BOARD - SITE PLAN REQUIREMENTS

PLEASE NOTE:

The Planning Board for issuance of special permits, requires a site plan drawn to scale with clearly defined dimensions indicating the location, size and height of the proposed building(s), site improvements, and containing such other information as may be required by the Board.

THE BOARD REQUIRES SITE PLANS TO SHOW THE FOLLOWING:

- ___ Site plan drawings to scale (*see above*)
- ___ Lot dimensions (*may be obtained at the Assessor's Office*)
- ___ Street name(s) abutting the subject property
- ___ Lot or building street number(s) (*may be obtained at the Assessor's Office*)
- ___ Zoning District, in which subject property is located
- ___ Abutting uses
- ___ Existing and/or proposed buildings **with dimensions**
- ___ Driveway(s) and Parking spaces
- ___ Screening or landscaping required for parking (*See Zoning By-law, §6.2: Off Street Parking*)
- ___ Exterior lighting, if any
- ___ Signs, if any
- ___ Other information you believe would be helpful or necessary

Site plan(s) meeting the above requirements shall be filed with the Town Clerk along with the Application to the Board so as to provide this information to other municipal Boards for review, who, by law, may make recommendations on your petition.

Site plan(s) prepared by a Massachusetts Registered Land Surveyor may be required.

Site plans are important and, diligently prepared, may eliminate a zoning issue at a later date, and/or facilitate the transfer or property.

The Board will provide limited guidance to assist you.
