VEHICLES AND TRAFFIC

ARTICLE III

Class I, II, and III Vehicle Licenses

§ 240-7. Overview.

§ 240-8. Qualification.

§ 240-9. Application Process.

§ 240-10. Compliance and Enforcement.

§ 240-7. Overview.

West Stockbridge regulates all Class I, II, and III license establishments. These license types are defined as follows:

Class I: The principal business is the sale of new motor vehicles, as well as the purchase and sale of second-hand motor vehicles.

Class II: Allows for the purchase and sale of second-hand motor vehicles.

Class III: Allows for the purchase of second-hand motor vehicles for the purpose of remodeling, taking apart, or rebuilding, or for selling the parts of second-hand motor vehicles.

The Select Board is the license issuing and enforcement authority.

§ 240-8 Qualification.

Only registered Town businesses (or businesses in the process of seeking registration), whose principal activity is defined by the Class I, II, or III definitions, may apply for the appropriate permit. Such a business must be open to the public, operating in a proper zone for this kind of business, and must fulfill all the requirements of the Select Board's application process.

§ 240-9 Application Process.

Applicants will be required to document a properly licensed (or in-process) Class I, II, or III vehicle business, identify the specific location of the operation of the business, and file a detailed and orderly vehicle site plan. The Select Board has the authority to set the maximum number of vehicles allowable on the premises at one time. Before issuing a license or a license renewal, the Select Board or its designee shall inspect the site for compliance to the site plan, to local zoning, and to state and federal statutes or regulations. Once the application process is complete, the Select Board will put the permit application on the next possible agenda, and will make a motion to either approve or deny the application.

§ 240-10 Compliance and Enforcement.

The license holder is required to remain in perpetual compliance with the terms of the license, to the vehicle site plan, and to state and federal statutes or regulations. The Select Board or its designee may inspect the business site at any time, and may revoke the license for any non-compliance.
