This “Webinar” form of ZOOM meeting is designed to allow more protection from potential “Zoom bombing.” Your video screen will only allow attendees to “see” the board members and participants that are expected to speak and/or present documentation to the hearing. When the “public” portion of the meeting is opened, attendees that wish to address the board may electronically “raise a hand” and wait to be recognized by the Chair. This link will also be available on the calendar posted on the Board of Appeals town website here:
